TECHNOLOGY DEVICE RELEASE FORM

Date: _____

Technology device: _____

Parents/Guardians of _____,

Sand Pine Elementary understands that your child would like to bring the above mentioned technology device to school for educational use. While this is permitted and encouraged, Sand Pine would like to request that you sign this form stating that you understand and agree to the terms of use while on the school's premise.

It is very important to note that ALL appropriate use and restrictions on all school technology apply to any electronic device brought to the SPES campus. It is completely the classroom teacher's discretion to determine when a device is being used inappropriately and/or at an inappropriate time. Any such violations will result in the student losing the privilege to bring and use the device on campus for the remainder of the year.

In addition, Sand Pine cannot provide any tech support for any personal technology tools, including computers.

Students who bring their own devices will be allowed to connect their devices to the Sand Pine wireless network only. For security reasons, they will not be allowed to connect anything directly into our wired Ethernet network.

Students and families are responsible for the maintenance and security of privately owned technology, including virus protection. Sand Pine, as well as Pasco County Schools, cannot be held liable for the damage or theft of privately owned property. This includes damages resulting from viruses or power surges.

If you agree, please sign and return this form to your child's teacher.

I understand and agree to the terms stated above.
